

ONLINE PAYMENT and PATIENT PORTAL

We are pleased to announce that online payments will now be possible through your Healow patient portal account. This will allow you to access to your bills sooner as well as offering the convenience of paying on your time. Of course, if there is any billing questions continue to call the billing office at **678-695-8202**. If you are in collections we unfortunately cannot see you until payment in full is made to the collection agency rather than through the portal.

HEART PROTECTION- As the holiday season approaches please consider the gift of life by offering someone you love this prevention package which will be **discounted until December 31st by \$100 !** Preventing heart attacks, strokes and loss of limbs is a major focus of what we do. Identifying risk early allows one to make the necessary changes. The package includes a stress test, vascular imaging, rhythm analysis, coronary calcium score, blood tests, along with a 10 year and lifetime risk score. **No insurance is needed for this \$900 package that can be paid in up to 3 installments.** Results are reviewed with Dr Singh and Taylor Mabe. *This program is not recommended for individuals having symptoms which can be addressed promptly by our office team.* To book your screening visit please call the office at 678-208-0165.

Medicare Part D – Great news for Medicare Part D beneficiaries that starting next year out of pocket drug costs will be capped at \$2000/yr. This can be paid as a lump sum in January or as monthly installments of \$167. Hopefully this will ensure better compliance!

Weight Loss Drugs–The huge success of the GLP-1 agonists such as semaglutide (Ozempic/Wegovy) and tirzepatide (Mounjaro / Zepbound) has spawned many online sales of compounded products. The FDA has warned against the use of such agents as the safety of these compounds cant be assured. Instead you can often purchase these drugs directly from the manufacturer. Also more insurance plans now cover these drugs as they also protect the heart and kidneys so recheck your eligibility.

Staff News

Congratulations are in order for Rida who got accepted into medical school and John who will start PA school. We will miss them both very much but wish them great success in their chosen careers!

We are also pleased that Allison is now our lead stress tech and works with each of you to safely assess your exercise endurance, blood pressure and arrhythmia response to activity!
